

### 3.1 Account Information

As a registered user, you can:

- Create your own Dataverse, if permitted, and customize it.
- Add Data Projects to Dataverses, if permitted.
- Contribute to existing Data Projects, if permitted.
- Request access to restricted resources, if permitted.

### 3.2 Account Log-In Options

SoDaNet Data Catalogue has been configured to be accessed through the “*Identity Access Management for Research Communities*” by providing Username/Email and Password. Through our [Data Catalogue central portal](#) click at the LOGIN option at the top of the page.

### 3.3 Create Account

To create a SoDaNet account click at the REGISTER option at the top of the page of our [Data Catalogue central portal](#).

You will be navigated to the "External User Registration" page. Fill out the fields, and then click the 'Submit' button.

**Address**  **Phone**  **Institution**

I'm not a robot

### 3.4 Edit Account – Change Account Password

You cannot edit your Account Information through the Data Catalogue. In order to do so you have to navigate through the [SoDaNet webpage](#), at the top right corner in MEMBER LOGIN option.

1. Login if it's needed at the “Identity Access Management for Research Communities”.
2. Click on “My Account” option.
3. You can either Update Account Info or Change Password
4. Select “Save” when you are done.
